PRODUCT SPECIFICATION

RI-D25MCU/D24

YASKAWA / BESTACT input-output relay

24 VDC coil | Normally open contact | PCB pin terminals

COMPACT RELAY

For industrial control applications.
Compact metal housing with
four connection pins.

Product supplied by CNC Netservice.
See page 2 for the original drawing
and terminal configuration.

TECHNICAL DATA - D24 VARIANT

Coil voltage / power	**24 VDC / 0.4 W**
Contact arrangement	**1 NO (normally open)**
Rated insulation voltage	**250 VAC**
Rated thermal current	**3 A**
Rated operational current	**0.5 A at 240 VAC / 0.3 A at 115 VDC**
Housing dimensions (L x W x H)	**40 x 11.5 x 11.5 mm**
Pin length / diameter	**3.5 mm / 0.8 mm**
Pin spacing	**33 x 7.6 mm**
Weight	**15 g**

Specifications: supplied YASKAWA / BESTACT drawing FA421785, 16 Nov 2021.
For pricing and availability, contact CNC Netservice with the full part number.
